Tue, 29 May 2018 06:33:00 GMT - A note on the cover image: The cover of The Art and Science of C showed a picture of Patience, one of the two stone lions that guard the entrance to the New York Public Library. Addison-Wesley and I chose that image both to emphasize the library-based approach adopted by the text and because patience is an essential skill in programming.

- The Art and Science of Technical Analysis is a groundbreaking work that bridges the gaps between the academic view of markets, technical analysis, and profitable trading. The book explores why randomness prevails in markets most, but not all, of the time and how technical analysis can be used to capture statistically validated patterns in certain types of market conditions.
