Thu, 14 Jun 2018 15:33:00 GMT - When broken societies are rebuilt, what will they be able to do with technology? In this book, Schmidt and Cohen combine observations about the physical world with their insights into our digital future to outline in great detail and scope all the promise and peril awaiting us in the coming decades. This is a forward-thinking account of where our world is headed and what this means for people, states, nations, and businesses.
